We comply with the following conditions to access the OFES outputs on the APDRC server.

- 1) Earth Simulator Center/JAMSTEC must be informed of and approves commercial use of OFES data in advance.
- 2) The use of OFES data must be limited only in our research group and on the specific research topics below.
- 3) Password to gain access to the OFES data on the APRCR server must be kept in our research group.
- 4) We will include OFES papers (Masumoto et al., 2004, Sasai et al., 2004, Sasaki et al., 2004, Sasaki et al., 2006) in our publications and presentations that use the OFES outputs.
- 5) We will include the following sentence in acknowledgments in our paper: "the OFES simulation was conducted on the Earth Simulator under the support of JAMSTEC."
- 6) We will notify Earth Simulator Center/JAMSTEC of our publications that use the OFES outputs.
